Atlantica Mare Village has recently introduced the programme 'Cyprus Breakfast'. The programme has been developed in the hotel based on the seasonality and locality of fresh products and a heightened sense of well-being. The hotel insists on maintaining its commitment to quality and authenticity by combining a sense of family warmth and uniqueness. Hence, the Cyprus Breakfast initiative received a warm welcome from the hotel's staff and management taken up with new and unique breakfast recipes.

The hotel offers a variety of fresh fruits and vegetables from local producers. In the cold dishes section guests can find traditional cheese such as anari and halloumi and cypriot yogurts. Guests can also taste the cypriot sausage, dry fruits, local eggs and traditional sweets including rice pudding, spoon sweets, 'daktila' and loukoumia.
