

Larnaca Spin

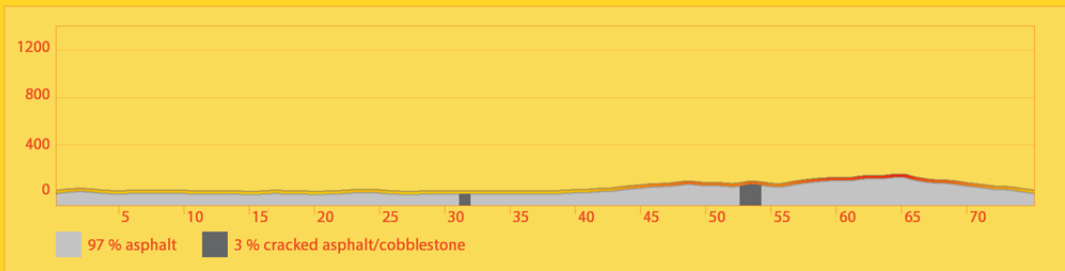

Alaminos Fishing Shelter – Perivolia – Larnaca – Kalo Chorio – Anglisides – Alaminos – Alaminos Fishing Shelter

Go for a relaxed tour along the sea enjoying the breeze and the views. Pass the light house in Perivolia and its predecessor, the tower of Regina once part of a signaling system of the Venetians. Go past the salt lake of Larnaca, one of the most important wetlands of Cyprus and home to some 85 varieties of water-birds. Venture along the seaside Larnaca Promenade (Phinikoudes) and along the beaches east of the city centre. Leave the bustle of the city behind and roll back through the rolling sandy hills of the back country via Kalo Chorio, Anglisides and Alaminos.
